

OP ELECTRIC

People. Passion. Precision. **Persistence.**

OP is a close-knit commercial electrical team built for general contractors who value clean work, fast communication, and zero jobsite drama.

We're known for our precision — every pipe straight, every panel labeled, every schedule hit. Our work passes inspection the first time making the inspector smile, the customer happy, and leaving you with one less thing to worry about.

We bring our core values to every project:
People. Passion. Precision. Persistence.
It's not just a motto; it's a manifesto.

That's the OP Promise.

Don't be a stranger!
